

April 24, 2020

Hello Members of Mill Creek,

As week five, or is it six, of this quarantine nears completion, I wanted to let you know about a few things that are available to you. We are adding some links to the church webpage under the "Coronavirus Updates" tab that are specifically designed for families. You will find a free daily family devotional that you can use around the dinner table or at some other time of day. You will also find a link to a helpful piece about building healthy family communication and an article specifically for parents when it comes to technology and some effects of digitally interrupted sleep. I hope you will find these beneficial to encouraging family growth and togetherness as you continue to spend more time together as a family.

I am in awe of what God continues to do with the "Community Worship at Limestone Park" and the drive-in church! I have heard some wonderful stories about people who are coming to this worship service that do not attend church on a regular basis, and I am told some who have never attended church have come. Praise the Lord for what He is doing! Through Facebook Live we are able to stay connected with some of you from our church who are unable to attend at the park. Facebook Live has also opened up some entirely new opportunities for us with people from literally all over. With that in mind, I am looking for some "digital greeters" from Mill Creek to welcome and engage those who join us via Facebook Live. If you are watching us online each Sunday and would be interested in talking with me about being a "digital greeter", please contact me at your convenience.

Know that I am praying for you and looking forward to the day when things return to whatever "normal" looks like after something like this. Until then, we will continue to stay connected as best we can. Don't hesitate to call, text or email if you need something.

Pastor Danny
